Author | Speaker

## OUR MISSION IS TO EQUIP AND ENCOURAGE MEN AND WOMEN TO BE THE COMMUNICATORS GOD MADE THEM TO BE.

This is a great place to introduce yourself to the event planner. You want your first line to be gripping, grabbing their attention from the get-go. This is where you should share your heart and experience, everything that makes you a great choice as a presenter.

Only present information in your bio that is relevant to the topics you speak on. Share your education and work experience, books you have written, projects you have worked on- anything that helps establish your credentials.

### TOPIC 3

This is where you would provide a short summary of your topic. What do you share with the audience when you speak on this topic? What felt need are you addressing? What will your audience walk away with after listening to you? What formats do you offer for this topic: as a workshop? a keynote? an all weekend retreat?

### EXPERIENCE

#### AS SEEN IN...

- This could be a space where you list any major publications, TV shows, or major lists on which you have been ranked.
- If you do not have any of those things to tout just yet, you might use this space to list out the various benefits or "take-aways" you provide for the event planner's audience. How will you serve them well? What will they walk away with after hearing you speak?

#### TESTIMONIAL

"This might be a good place to share a testimonial or two! Try to get a short comment from an event planner or workshop participant that can speak to your expertise, natural speaking ability, and the impact of your wisdom on their life."
